

# CCIH 2027

## CONFERENCE

### STEADY IN THE STORM

JUNE 21-24, 2027 • KENYA

## CCIH 2027 Global Conference Sponsorship Opportunities

**How do you get in front of faith-based global health leaders?** About 84% of the global population belongs to a major religion, and tens of thousands of faith-based organizations work in global health. And yet, many companies miss out on working with these organizations because they aren't reaching them.

Your company or organization can easily and affordably reach faith-based health decision-makers by sponsoring the [CCIH Global Conference](#). **We know this works.** At the last conference in 2025, about 200 participants from 29 countries gathered for 3 days of sessions and preconferences. Thirteen sponsors supported the conference.

*"As an organization that exhibits in over a dozen conferences annually, we highly value how purposefully CCIH connects attendees with the exhibitors. They design the conference experience to ensure genuine interaction and maximum exposure for every sponsor."* **Laura Berry, Blessings International**

CCIH is excited to meet June 21-24, 2027, at [Maanzoni Lodge](#) outside of Nairobi, Kenya. The conference will be a blend of plenary and breakout sessions that feature Christian leaders who work in global health, as well as representatives from government agencies and other partners. Plenary sessions will also be streamed online to reach our global audience. Let CCIH help you get in front of hundreds of Christian global health leaders.
